

Count up to Ten: Learn Numbers with Montessori App Store Description

Are you a parent in search of a DELIGHTFUL and PROGRESSIVE way to teach young learners how to count from 1-10?

Then you'll love Count up to Ten: Learn Numbers with Montessori!

- > Developed in partnership with a renowned expert mathematician, Aurélien Alvarez
- > Playful, fun and engaging mini-games
- > Real-time dashboard to monitor progress
- > Universal app for iPad, iPhone and iPod touch

ABOUT COUNT UP TO TEN: LEARN NUMBERS WITH MONTESSORI

Developed in partnership with a renowned expert mathematician, Count to Ten: Learn Numbers with Montessori is a globally-acclaimed app that teaches children how to count from 1 to 10 through 4 playful, fun and engaging mini-games.

STORYBOARDS BY AN EXPERT MATHEMATICIAN

The app's storyboards are designed by Aurélien Alvarez, a renowned mathematician who works on dynamic systems from an ergodic theory perspective, and invents games for teachers. Mr. Alvarez is a regular contributor to Seven Academy and has lent his expertise to all of the company's other math apps.

UNFORGETTABLE CAST OF CHARACTERS

As they learn and have fun, children will meet and fall in love with a delightful cast of unforgettable characters, including:

- > Quirky penguins, who introduce all of the numbers
- > A charming mole, who traces each number into the ground
- > An amusing manta ray, who plays with the concept of quantities
- > A fabulous team of elephants, who hold each other by the tail to form Montessori bars

AUGMENTED REALITY (AR) EXPERIENCE

Count to Ten: Learn Numbers with Montessori includes a fun and exciting new Augmented Reality (AR) game where parents cut a page with printed labels (either downloaded from the Seven Academy website or emailed from the app), and have their child count elephants by scrolling numbers with their finger or using the app's arrows.

PROGRESSIVE LEARNING

Each level of difficulty is progressive, so children can methodically develop their ability to count from 1 to 10. They'll gain confidence as they improve their knowledge!

EARN REWARDS FOR THE MONTESSORI GARDEN

Children will also earn rewards from each game that they can use in Seven Academy's remarkable "Montessori Garden", which is a virtual vegetable garden located on the company's website that is designed to motivate and educate children, while they learn about the benefits of gardening.

REAL-TIME DASHBOARD

Parents can access the app's real-time dashboard to follow their children's progress. It's a wonderful way for to learn and bond at the same time.

MULTIPLE LANGUAGE SUPPORT

The app is now available in: French, English, Spanish, Portuguese, Italian, German, Dutch, Russian, Turkish, Korean, Japanese, and Simplified Chinese.

REVIEWS

"18/20"

-- DéclikKids

"Surpass other kids of the same age with the help of Count up to Ten!"

-- Best10Apps

"A sweet little app to help very early learners master numbers 1 through 10"

-- SmartAppsForKids

"Our newest Top Pick as a preschool app. With a variety of activities, engaging graphics, and a cute little narrator, this app will keep your preschooler counting."

--Fun Educational Apps

"All parents of young children should have a couple of stealth education apps on their devices, and this is one of the better ones we've seen".

--Fun2tap

"The app also features a parent zone which includes some fascinating stats about what activities your child has managed - it is a very comprehensive record of their progress".

--FamilyTech

"I will definitely be using this app with my son to teach him; and I encourage parents of young children to check it out!"

-- The iPhone Mom
